Location: Mexico City, Mexico

SUMMARY DevOps / Platform Engineer with 4 years building cloud-native infrastructure. Expert in Kubernetes, Terraform, GitOps, and observability. Reduced deployment time 80%, improved system reliability to 99.99%. AWS/GCP certified.

SKILLS Languages: Go, Python, Bash, YAML, HCL Infrastructure: Terraform, Terragrunt, Pulumi, Crossplane, Helm, Kustomize Kubernetes: EKS, GKE, AKS, ArgoCD, Flux, Istio, Linkerd, cert-manager CI/CD: GitHub Actions, GitLab CI, Jenkins, Argo Workflows, Tekton Observability: Prometheus, Grafana, Loki, Tempo, Jaeger, Alertmanager Cloud: AWS (EKS, RDS, S3, CloudFront, IAM), GCP (GKE, Cloud Run, Cloud SQL) Security: Vault, OPA/Gatekeeper, Falco, Trivy, cosign, Kyverno

EXPERIENCE Datadog — Platform Engineer (Feb 2022 – Present) Remote (Mexico City) • Built self-service Kubernetes platform (EKS + ArgoCD) for 50+ microservice teams • Implemented GitOps workflow reducing deployment time from 45min → 8min • Designed multi-region DR strategy, RPO=0, RTO=15min • Created developer portal (Backstage) with 200+ service templates • Reduced cloud spend 25% via rightsizing and spot instances

Uber — DevOps Engineer (Jun 2019 – Jan 2022) San Francisco, CA • Migrated 200+ services to Kubernetes (Mesos → EKS), zero downtime • Built custom autoscaler for batch workloads, 40% cost reduction • Implemented service mesh (Istio) for mTLS and traffic management • On-call rotation for platform infrastructure (99.99% availability)

EDUCATION Tecnológico de Monterrey B.S. Computer Systems Engineering 2015 – 2019

CERTIFICATIONS • AWS Certified Solutions Architect – Professional • GCP Professional Cloud Architect • CKAD (Certified Kubernetes Application Developer) • HashiCorp Terraform Associate

PROJECTS GitOps Platform Starter (Go, Terraform, ArgoCD) <https://github.com/alexrodriguez/gitops-starter> • Production-ready bootstrap for multi-cluster GitOps

Kubernetes Cost Optimizer (Python, Prometheus, Kubecost) <https://github.com/alexrodriguez/k8s-cost-optimizer> • Automated rightsizing recommendations via Slack

ACHIEVEMENTS • CNCF Ambassador 2023 • Speaker at KubeCon NA 2023: “GitOps at Scale” • 500+ GitHub stars across infrastructure projects
